PROFESSIONAL SUMMARY

Motivated Full Stack Developer skilled in the MERN stack with experience building responsive web applications and REST APIs. Solved 200+ DSA problems on LeetCode and GFG. Strong grasp of UI/UX principles and agile development, and clean code architecture. Seeking entry-level opportunities to create scalable, user-friendly solutions.

EDUCATION

IEC College of Engineering & Technology

Greater Noida (2022 – 2026)

Bachelor of Engineering in Computer Science Engineering

SKILLS

Technical: JavaScript, C++, Python, HTML, CSS, React.js, Tailwind CSS, Bootstrap, Responsive Design, Node.js, Express.js, MongoDB, REST API, DSA, OOP, UI/UX Design, Agile

Tools & Platforms: Git, GitHub, VS Code, Postman, Firebase, Netlify, Chrome DevTools, Advanced Excel, Power Query, VLOOKUP, Operating Systems, Computer Networks, Big Data, AI

CERTIFICATIONS

- GUVI & HCL: *Hackathon Participant (2025)*
- FutureSkills Prime: *Digital Skills 101 (2025)*
- SkillEcted: *Node.js & MongoDB (2025)*
- Let's Upgrade: *AI & ChatGPT Workshop (2024)*
- i3infosoft: *Advanced Excel & Power Query (2023)*
- Infosys Springboard: *JavaScript & ReactJS (2024)*

EXPERIENCE

MotionCut

Delhi, India

Front-End Developer Intern

Nov 2024 – Dec 2024

- Developed 3+ responsive web interfaces using HTML, Tailwind CSS, and JavaScript, improving load speed by 20%.
- Collaborated in Agile sprints to deliver optimized UI components, enhancing user experience across devices.

Technodege Eduresearch Pvt. Ltd.

IEC College, Noida

Web Designing Intern

Apr 2024 – Jul 2024

- Created News Management System with admin and user role separation.
- Ensured cross-device accessibility using responsive web design principles.

PROJECTS

Tic-Tac-Toe Game – HTML, CSS, JS

- Developed a logic-based two-player browser game with clean UI.
- Improved DOM manipulation skills; increased code efficiency by 25%.

News Management System – HTML, CSS, JS

- Built a content management system with separate admin and user login panels.
- Implemented add/edit/delete functions, achieving 100% CRUD functionality.

Portfolio Website – HTML, CSS, JS

- Built and deployed a fast, animated personal portfolio using HTML, CSS, and JavaScript.
- reducing load time by 30% and increasing visitor engagement by 40% through optimized design & interactive features.

ACHIEVEMENTS

- Solved 200+ Data Structures and Algorithms (DSA) problems on LeetCode and GeeksforGeeks.
- Winner of Tech Quiz Competition – IEC College of Engineering & Technology Greater Noida.
- Participated in National-Level Hackathons focused on UI/UX design and Full Stack Development.
- Built and deployed multiple React.js and JavaScript-based web projects.
- Active contributor to GitHub with projects using MERN stack, responsive design, and REST APIs.
